BRAND & WEB STYLE GUIDE

GreenEdge Lawn Care

A greener lawn without the weekend work.

Charlotte, North Carolina | Version 1.0 | October 2026

Reference for the home page design. Placeholders in [BRACKETS] are for the owner to complete.

1. Colour

One deep green anchors the page, a single lime accent marks every action, and soft greens keep the sections calm. Contrast ratios are measured against the stated background.

Forest
#12301F
13.1:1 on Paper

Header, hero, footer, primary button

Lime
#C9E85C
11.5:1 Ink on Lime

Buttons, eyebrow text, highlights on dark

Paper
#F3F6EC
14.6:1 Ink on Paper

Page background

Ink
#12261A
14.6:1 on Paper

Body text and headings

Moss
#2E6B45
5.8:1 on Paper

Small headings, numbers, labels on light

Muted
#3E5246
7.7:1 on Paper

Secondary text on light

Sage
#E1EAD3
12.8:1 Ink on Sage

Reviews section background

Field
#6F8576
3.6:1 vs Paper

Form field borders

2. Typography

Two Google Fonts: Bricolage Grotesque for headlines and Figtree for everything else. System sans-serif is the fallback.

H1 Hero

Bricolage Grotesque ExtraBold | 44-84 px fluid, line-height 0.98, tracking -0.03em

H2 Section

Bricolage Grotesque ExtraBold | 34-52 px fluid, line-height 1.03, tracking -0.025em

H3 Service

Bricolage Grotesque Bold | 24 px

Lead

Figtree Regular | 20 px on dark, 18 px on light, line-height 1.55

Body

Figtree Regular | 16-19 px, line-height 1.55

EYEBROW

Figtree SemiBold, uppercase | 14 px, tracking 0.14em

Button / label

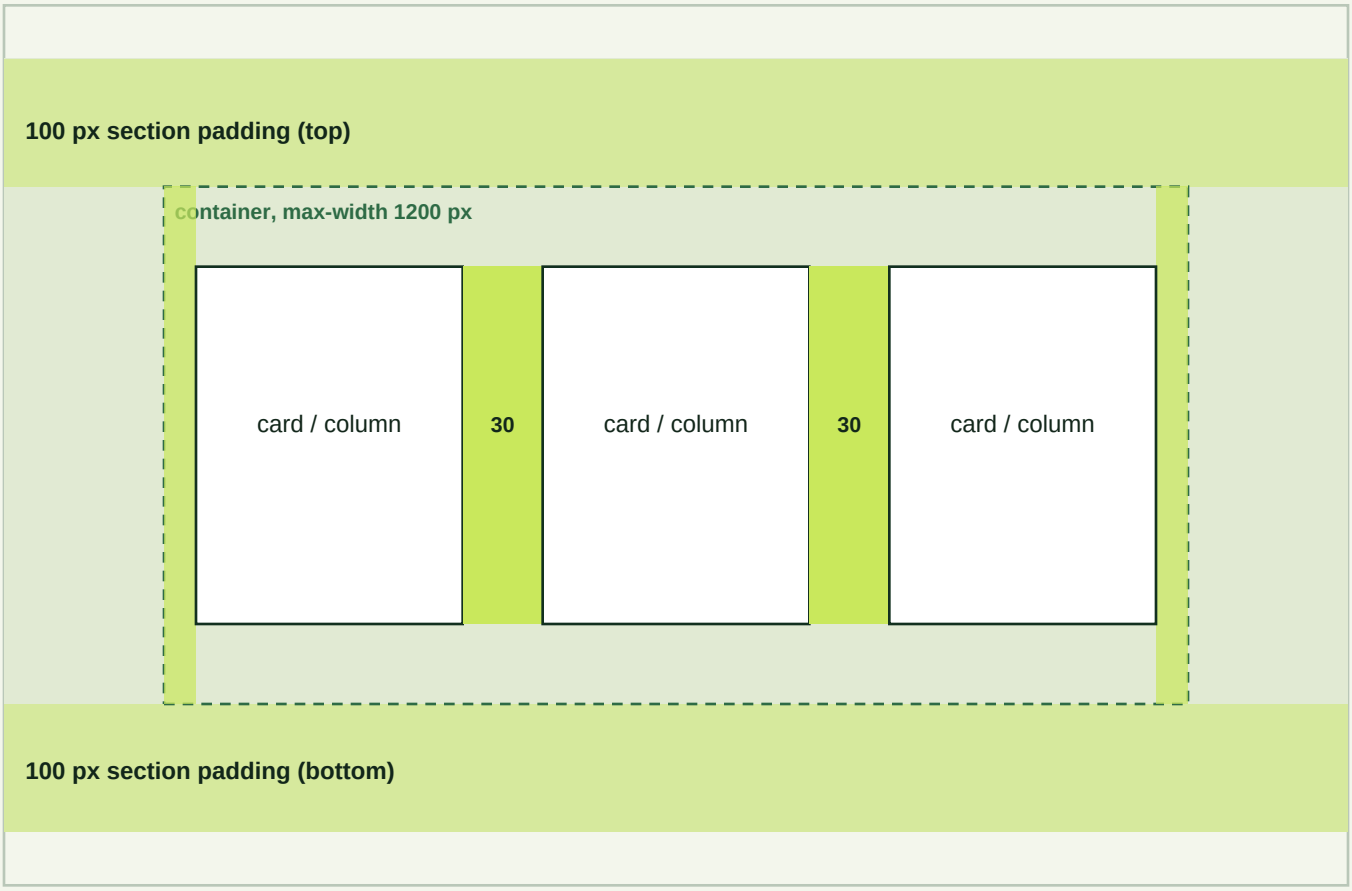
Figtree SemiBold | 16-18 px

3. Layout & spacing

Three fixed rules govern every section of the page. Use these exact values.

- Container: max-width 1200 px, centred, with 15 px padding on the left and right (inline padding).
- Gap: 30 px between all boxes, cards, columns and grid cells.
- Section padding: 100 px above and below the content of every section (header excluded, footer 40 px at the very bottom).
- Grids use auto-fit columns with a minimum width, so columns stack on a phone with the same 30 px gap.
- Corners: 4 px radius on buttons, fields and cards.
- Page order: Header, Hero, Services, Reviews, Lawn Service Inquiry form, Footer.

DIAGRAM (NOT TO SCALE)



Lime strips = measured space: 15 px inline padding inside the container, 30 px gaps between cards, 100 px section padding.

4. Components

PRIMARY BUTTON ON DARK (HERO, HEADER)

Request a free quote

Lime fill, Ink text, 4 px radius, 16x28 px padding.
Hover: lighter lime #DBF57A.

PRIMARY BUTTON ON LIGHT (FORM)

Send inquiry

Forest fill, Paper text, minimum height 52 px.

FORM FIELD

Full name

White fill, 1.5 px Field border, 48 px minimum height.

Every field has a visible label above it.
Focus: 3 px Moss-green outline.

SAMPLE REVIEW CARD

"Sample text: ..."

Sample Customer A
Sample review - not a real customer

Paper card on a Sage band. Every review is labelled "Sample text" until real customer quotes replace them.

SERVICE LIST ROW

01 **Mowing**
One short line describing the service.

5. Imagery, voice & accessibility

HERO PHOTO

One aerial photo of a lawn bordered by trees fills the hero background (cover, centred). A forest-green overlay runs left to right from 92% to 35% opacity so the headline stays readable on the left while the lawn shows through on the right.

VOICE

- Plain and friendly. Short sentences. Talk about the homeowner's weekend, not our equipment.
- Headline is fixed: "A Greener Lawn Without the Weekend Work".
- Never invent prices, awards, years in business or customer names. Use [PLACEHOLDERS] until real facts exist.

LOCATION

Charlotte, North Carolina. Shown in the hero eyebrow and the footer.

ACCESSIBILITY

- Body and heading text meets WCAG AA (4.5:1 or better) on its background.
- Real buttons, links and labelled form fields; keyboard focus is always visible.
- Touch targets are at least 44 px tall.
